

Grants from NC Conservation Trust Funds, 1988 - 2006

Mecklenburg**Total Trust Funds Granted:****\$19,091,938****Description of a recent project:****2005 Restoring Four Mile Creek**

High levels of bacteria and sediment have placed Four Mile Creek, a tributary of the Catawba River, on the state's list of impaired waterways. A CWMTF grant for \$542,000 helped Charlotte and Mecklenburg County stabilize and reshape the creek banks and reforest land along almost a mile of the creek to reduce flash flooding and keep pollutants from entering the water.
